

THE NORFOLK GROUP

Norfolk now offers clients 'gold level' medical services in US

Norfolk International can now offer our clients improved access to high quality US medical services for their employees at the best possible prices due to a new partnership with Hygeia Corporation. And now, when they use a US provider that is a member of the Hygeia network, the provider will bill Norfolk International directly which means that they will no longer have to pay for services up front!

*Richard Albert, President
Norfolk International Group Inc.*

Hygeia is a leading professional health services intermediary with a network of contracted medical providers that includes more than **450,000 physicians** and **4,200 hospitals** in all 50 states. All of these providers meet and maintain criteria established by the National Committee for Quality Assurance.

This service will be available to all individuals who are insured under our Lloyd's of London medical program. New ID cards that verify Hygeia membership are currently being provided to these clients.

If you would like more information about this value-added service, visit the Hygeia web site at www.hygeia.net, or call Norfolk International's Client Services Department at:
